

# VHF Fixed Mount COMMANDMIC™ Comparison Chart

## COMMANDMIC™ Matrix Radio/CM Compatibility

M400BB	M424G	M506 all versions	M604A Export Only	M605*	RC-M600 M605 Command head
			CMII, HM-157		
CMIV, HM-195/G <sup>1</sup>	CMIV, HM-195/G	CMIV, HM-195/G		CMIV, HM-195/G	CMIV, HM-195/G <sup>2</sup>

\* The M605 can handle up to 3 HM-195 (which would require 3 OPC-2384's - see below).

### COMMANDMICII™ Available Options:

- OPC-999** – 6.1m, 20ft. extension cable use with the OPC-1000, up to 2 can be connected.
- OPC-1000<sup>3</sup>** – 6.1m, 20ft. connection cable.  
Requires **8310050320 C PLATE** for HM127 HM-157 and OPC-1000.

### COMMANDMICIII™<sup>4</sup> (Discontinued) / COMMANDMICIVs™ Available Options:

- OPC-1540** – 6.1m, 20ft connection cable for CMIII (HM-162B) and CMIVs.  
Requires **8930069220 C PLATE** for HM-162 and OPC-1540.
- OPC-1541** – 6.1m, 20ft. extension cable for CMIII and CMIVs with the OPC-1540, up to 2 can be connected.  
The OPC-2384 conversion cable is required when connecting to the M605.
- OPC-2383** – 32.8ft connection cable for RC-M600 (Command head for M605).
- OPC-2377** – 32.8ft extension cable for RC-M600 (Command head for M605).
- OPC-2384** – 12-pin to 8-pin conversion cable (7 7/8 in.) connects CMIV (HM195) to M605.  
This conversion cable is required for EACH CMIV™ (HM-195) attached to the M605.

<sup>1</sup> The HM-195 B/SW comes with the M400BB.  
<sup>2</sup> The RC-M600 is the Command head for the M605 and can use up to a mix of 3 mics/remote heads.  
<sup>3</sup> The OPC-1000 is used also for Marine VHF fixed mount rear microphone installations.  
<sup>4</sup> The COMANDMICIII™ (HM162-B) is discontinued.
